Diplomats (ISD)

■ Introduction

JOHN ASAOLU, Nigerian Representative in AU-ECOSOCC Decorating HIS EXCELLENCE
AMBUBUWAL, Executive Governor of Sokoto State as Pan African Role Model On 18

Introduction: Welcome to the African Union Agenda 2063 Ambassadorial Assembly. This brochure aims to provide a comprehensive overview of our mission, initiatives, and the significant strides we are making towards achieving the goals of Agenda 2063. We invite you to explore our work and join us in our journey towards a prosperous and integrated Africa.

About African Union Agenda 2063: The African Union's Agenda 2063 is a strategic framework for the socio-economic transformation of the continent over the next 50 years. It builds on, and seeks to accelerate the implementation of past and existing continental initiatives for growth and sustainable development.

Goals and Aspirations of Agenda 2063: Agenda 2063 is anchored on seven aspirations which reflect the desire for shared prosperity, well-being, unity, and integration. These aspirations include a prosperous Africa based on inclusive growth, an integrated continent, a peaceful and secure Africa, and an Africa with a strong cultural identity.

■ About Us

The African Union Agenda 2063 Ambassadorial Assembly is dedicated to motivating and inspiring African states to achieve the ideals of Agenda 2063. Our core mission is to evaluate and monitor progress across the continent, ensuring that each state is on track to meet the agenda's goals.

To achieve this, we have implemented several key strategies:

Award Systems: We recognize outstanding achievements through organizational, national, and industry based awards, celebrating progress and encouraging continued commitment.

■ Our Vision

our vision is to create a future where africa thrives through innovation, collaboration, and sustainable development, ensuring prosperity and opportunity for all its people.

■ Our Mission

our mission is to lead africa's transformation by championing inclusive policies, fostering economic growth, and nurturing the next generation of leaders and innovators.

■ What We Do?

Through various initiatives, like Advocacy, award systems, learning management system, budget and project monitoring across member states, the African Union Agenda 2063 Ambassadorial Assembly aims to create a unified and concerted effort across the continent, ensuring that the vision of Agenda 2063 is fully realized

■ Our Three Cardinal Services

01

Learning Management System: We have pioneered the creation of a comprehensive Learning Management System (LMS) to provide in-depth understanding of Agenda 2063

02

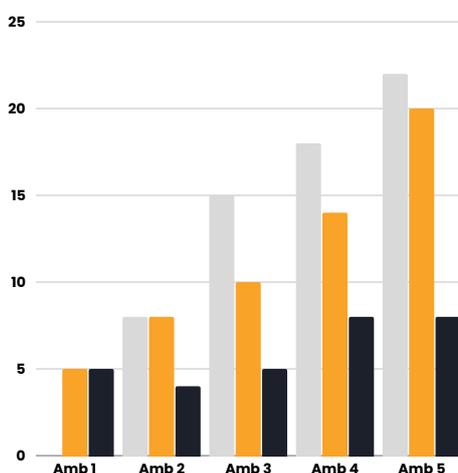

Narrative and Advocacy: We are committed to driving the narrative and insisting that African states actively pursue the agenda's goals.

03

Performance Measurement: Our focus is on establishing clear metrics and benchmarks to ensure that every aspect of Agenda 2063 is realized through deliberate and strategic actions by the states.

Nomination Process

Nomination, however, is merely the first step in a rigorous and meticulous process that seeks to identify individuals who embody the essence of African excellence and innovation. Verification, the next phase in this journey, is characterized by a comprehensive examination of the nominee's credentials, achievements, and impact. It is through this process that the authenticity and credibility of the nominee's claims are meticulously scrutinized, ensuring that only those who have truly made significant strides towards shaping Africa's future are considered for the esteemed position of ambassador.

Verification

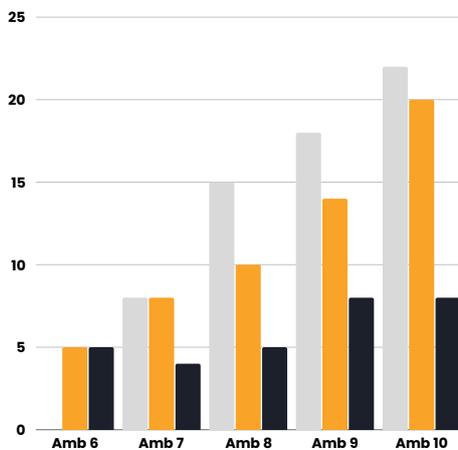

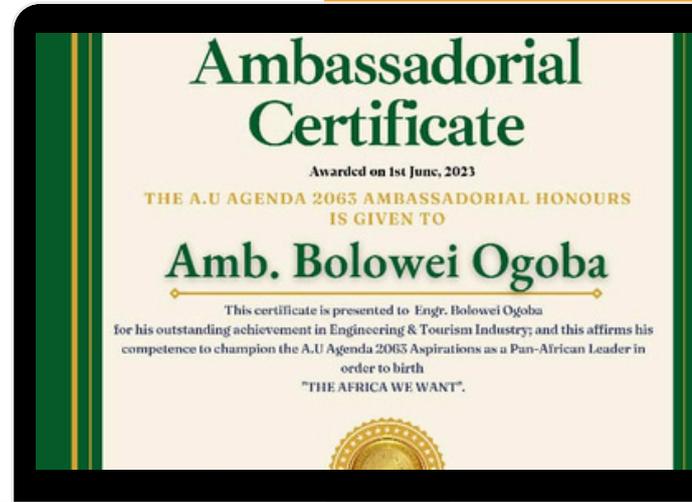

The criteria for verification are stringent, yet reflective of the lofty aspirations set forth by Agenda 2063. Nominees must provide tangible evidence of their contributions to Africa's economic landscape, whether through the creation of businesses, the generation of employment opportunities, or the implementation of initiatives that foster sustainable growth and development. Patents, copyrights, operational websites, and the existence of real companies and industries serve as tangible markers of the nominee's impact, providing irrefutable proof of their commitment to advancing Africa's interests.

The Africa we
want**

Central to The Verification

Central to the verification process is the principle of impact. Ambassadors for Agenda 2063 are not merely individuals of influence, but champions of change whose actions resonate beyond borders and boundaries. They are visionaries who have demonstrated a steadfast commitment to driving positive transformation within their respective spheres of influence, be it through innovation, entrepreneurship, or advocacy. Their impact is measured not only in monetary terms but also in the tangible benefits they bring to communities and societies across the continent.

The Ambassadorial Assembly is not merely a ceremonial gathering but a dynamic platform for engagement and collaboration, where ambassadors play a pivotal role in shaping the future of Africa. As representatives of Agenda 2063, they are tasked with advocating for policies and initiatives that advance the agenda's objectives, both within the African Union and on the global stage. Through their collective wisdom and expertise, they contribute to the formulation of strategies and frameworks that address the continent's most pressing challenges while capitalizing on its abundant opportunities.
